

Year 11 Subject Countdown Plans

February to May 2023

Downloadable versions of all plans are available from our website –

www.hollylodge.liverpool.sch.uk/student/countdownplans

EXPECT TO ACHIEVE

Introduction to From Mr Keen

Welcome to the latest piece of support we are making available to parents and students – a booklet of Year 11 Countdown Plans.

Each plan gives a breakdown of the activities taking place in each subject between now and the start of May. Where applicable, it also gives guidance on suitable homeworks for each week. All this information is intended to give both parents and students greater clarity about what is coming up in lessons and how they can prepare for it.

For parents, we hope that this will give you a better understanding of the preparation which is taking place for the examinations so that you can support your daughter as she prepares. For ideas on how best to support your daughter, please consult the guides which we have sent out or contact school. All of the plans have been uploaded to our website and can be found by following the link on the front page of the document.

Lastly, the best way that parents can help is to encourage your daughter to attend, work hard and take advantage of all the support we are offering. If we work together, all the students in Year 11 will make us proud as overcome the issues of the last two years and reach their full potential.

With best wishes from all the staff at Holly Lodge.

Component 2 - Exam

24/3/23 5hrs

27/3/23 5hrs

Week	Monday P3	Wednesday P2	Thursday P3
6/2/23	ZA: Research Victoria Wagner PD: Research Vilde Rolfsen RD: Research global warming/recycling JD: Research LG: Research Mirei Monticelli SG: Research Mandalas MG: Research Kate Malone RN: Susanna Bauer RS: Research Tatty Devine KLV: Research Bill Brandt EW: Research Murmuration	See Monday plan, applies all week	See Monday plan, applies all week

13/2/23 to 17/2/23 Half Term

Homework set: Photographs

ZA: Tate Ugo sculpture
 PD: Crosby beach/Mersey water/waves

Year 11 Health and Social Care Countdown Plan

Component 3 – Health and Wellbeing exam
Friday 19th May 2023 (pm) - 2 hours

Component 2 – Health and Social Care Services and Values Final
Coursework deadline Friday 28th April 2023

Week	Focus: Component 2 Learning aim B Coursework
6/2/23	<p><u>Tasks</u></p> <p>Completion of all 7 care values in preparation for role play assignment</p> <p>Type up scripts to demonstrate the 7 care values</p> <p>Feedback on role plays – learners to self- assess their role plays and respond to written feedback (type up)</p> <p>Use check lists and writing frames to fully address the merit and Distinction grading Criteria</p>
13/2/23 to 17/2/23 Half Term	
20/2/23	<p><u>Focus: Component 2 Learning aim B Coursework</u></p> <p><u>Tasks</u></p> <p>Following informal feedback ensure completion of all tasks from last week ready for first submission by Friday 24th Feb</p>
27/2/23	<p><u>Focus: Component 2 Learning Aim A Coursework</u></p> <p><u>Tasks: use the grading criteria and checklist provided to ensure you have provided evidence for all grading criteria and complete any parts of your coursework which you have not completed</u></p> <p>A.2P1 Explain how health and social care services meet the needs of individuals in a given scenario.</p> <p>A.2P2 Explain how barriers could affect the use of one health or social care service for an individual in a given scenario</p> <p>A.2M1 Analyse the extent to which health and social care services meet the needs of individuals in a given scenario, explaining how barriers for one service can be overcome.</p> <p>A.2D1 Assess the suitability of health and social care services for individuals in a given scenario, making justified and realistic suggestions for how barriers for one service can be overcome</p>
6/3/23	<p>Use the grading criteria guidance to ensure full completion of all grading criteria ensuring all aspects of the following criteria have been fully addressed.</p> <p>For Level 2 Distinction: you must assess the suitability of health and social care services for meeting the needs of individuals in the case study This requires you to make an overall judgement, which could result in rankings or scores, together with clear information about how you have reached this judgement. You must include justified and realistic suggestions for how barriers can be overcome in using a service for one individual from the scenario. The justification should provide clear reasons and explain why the suggestions are realistic, this might include why other possibilities would not work.</p> <p>For Level 2 Merit: you must analyse the extent to which health and social care services meet the needs of individuals in a scenario given by the teacher. Unlike Level 2 Distinction, this does not require an overall judgement as to which is the most suitable. You must explain what barriers exist for one individual from the scenario in using a service. You must also explain how these barriers can be overcome for this individual. Unlike Level 2 Distinction, there may not be clear reasons given and suggestions may not be realistic (for example a change that may be inconvenient or very costly).</p> <p>For Level 2 Pass: You must explain ways in which health and social care services meet the needs of individuals in the case study. You must also explain the ways in which barriers would affect one individual from the scenario in using one of the services.</p>

13/3/23	Following feedback – make any additional improvements to your submission for assessment - to be submitted by end of this week.
20/3/23 Revision Week	
27/3/23 Assessment Week	
3/4/23 – 14/4/23 Easter Holidays (Revision classes timetable to follow)	
17/4/23	Focus Component 3 revision for exam. Factors that affect health and wellbeing: Physical, Social, Emotional, Environmental, Financial Use resources on google classroom for health indicators and person-centred approach
24/4/23	Exam results for component 3 come in on 23 rd March -Decision on resits after discussion with students Learning aim B Health indicators <ul style="list-style-type: none"> - Using published guidelines, - Risk to physical health of abnormal readings - Interpreting lifestyle data
1/5/23 (Bank Holiday)	Learning aim C Person centred approach <ul style="list-style-type: none"> - Recommending actions to improve health and wellbeing - Short- and long-term targets - Sources of support - Obstacles to implement plans
8/5/23 Bank Holiday	Barriers to accessing services Exam Strategies (Q1, Q2, Q3, Q4, Q5, Q6) Complete each question under timed conditions, self and peer assessment using mark schemes and DIRT Practice exam strategies with separate paper. Bring questions in for checking and marking. Complete a full exam paper under timed conditions (either as a 2-hour block or two one-hour blocks) Read the paper – 5 min Q1 = 15 min Q2 = 15 min Q3 = 15 min Q4 = 20 min Q5 = 20 min Q6 = 20 min Check paper and add additional responses 10 minutes
15/5/23 – 30/5/23 Final Exam Season Exam Revision Session Timetable to Follow Health and social care component 3 exam Friday 19 th May Afternoon for 2 hours

History Paper 1A & 1B Option D
Thursday 18th May- AM 2Hrs

History Paper 2A Option A & 2B Option C
Wednesday 7th June- PM 2Hrs

Week	Monday	Tuesday	Thursday
30/1/23	Discussion and revisit of Medicine Exam Paper – overview of exam questions and mark schemes	Medieval medicine: approaches including natural, supernatural. The medieval doctor; training, beliefs about cause of illness.	Medieval Medicine: ideas of Hippocratic and Galenic methods and treatments.
6/2/23	Medieval medicine: The contribution of Christianity to medical progress and treatment; hospitals.	Medical progress: the contribution of Christianity to medical progress and treatment; hospitals; the nature and importance of Islamic medicine and surgery; surgery in medieval times, ideas and techniques.	Public health in the Middle Ages: towns and monasteries; the Black Death in Britain, beliefs about its causes, treatment and prevention.
13/2/23 to 17/2/23 Half Term			
20/2/23	The impact of the Renaissance on Britain: challenge to medical authority in anatomy, physiology and surgery; the work of Vesalius, Paré, William Harvey; opposition to change.	Dealing with disease: traditional and new methods of treatments; quackery; methods of treating disease; plague; the growth of hospitals; changes to the training and status of surgeons and physicians; the work of John Hunter.	Prevention of disease: inoculation; Edward Jenner, vaccination and opposition to change.
27/2/23	The development of Germ Theory and its impact on the treatment of disease in Britain: the importance of Pasteur, Robert Koch and microbe hunting; Pasteur and vaccination; Paul Ehrlich and magic bullets; everyday medical treatments and remedies.	A revolution in surgery: anesthetics, including Simpson and chloroform; antiseptics, including Lister and carbolic acid; surgical procedures; aseptic surgery.	Improvements in public health: public health problems in industrial Britain; cholera epidemics; the role of public health reformers; local and national government involvement in public health improvement, including the 1848 and 1875 Public Health Acts.
6/3/23	Modern treatment of disease: the development of the pharmaceutical industry; penicillin, its discovery by Fleming, its development; new diseases and treatments, antibiotic resistance; alternative treatments.	The impact of war and technology on surgery: plastic surgery; blood transfusions; X-rays; transplant surgery; modern surgical methods, including lasers, radiation therapy and keyhole surgery.	Modern public health: the importance of Booth, Rowntree, and the Boer War; the Liberal social reforms; the impact of two world wars on public health, poverty and housing; the Beveridge Report and the Welfare State; creation and development of the National Health Service; costs, choices and the issues of healthcare in the 21st century.
13/3/23	Historic Environment essay planning. To apply knowledge to a plan focusing on structure and analysis.	Historic Environment Essay	Elizabeth I and her court: background and character of Elizabeth I; court life, including patronage; key ministers. The difficulties of a female ruler: relations with Parliament; the problem of marriage and the succession; the strength of Elizabeth's authority at the end of her reign, including Essex's rebellion in 1601.

20/3/23 Revision Week

27/3/23 Assessment Week – Medicine Paper

**3/4/23 – 14/4/23 Easter Holidays
(Revision classes timetable to follow)**

17/4/23	DIRT	DIRT	Knowing how the Elizabethans responded to poverty. Describing the different groups of paupers. Describing the approaches to poverty and evaluating the success of the new approaches.
24/4/23	Drake and voyages of exploration. Understanding why the Elizabethan period is described as an 'age of discovery'. The developments in trade and exploration. Did voyages abroad make England rich and powerful? Was Elizabethan England really a 'golden age'?	Religious matters: the question of religion, English Catholicism and Protestantism; the Northern Rebellion; Elizabeth's excommunication; the missionaries; Catholic plots and the threat to the Elizabethan settlement; the nature and ideas of the Puritans and Puritanism; Elizabeth and her government's responses and policies towards religious matters.	Conflict with Spain: reasons; events; naval warfare, including tactics and technology; the defeat of the Spanish Armada.
1/5/23 (Bank Holiday)	The 'Boom': benefits, advertising and the consumer society; hire purchase; mass production, including Ford and the motor industry; inequalities of wealth; Republican government policies; stock market boom.	Divided society: organised crime, prohibition and their impact on society; the causes of racial tension, the experiences of immigrants and the impact of immigration; the Ku Klux Klan; the Red Scare and the significance of the Sacco and Vanzetti case.	The impact of the Second World War: America's economic recovery; Lend Lease; exports; social developments, including experiences of African-Americans and women.
8/5/23 Bank Holiday	Post-war American society and economy: consumerism and the causes of prosperity; the American Dream; McCarthyism; popular culture, including Rock and Roll and television.	America and the 'Great Society': the social policies of Presidents Kennedy and Johnson relating to poverty, education and health	The development and impact of feminist movements in the 1960s and early 1970s, including the fight for equal pay; the National Organisation for Women, Roe v Wade (1973), the Supreme Court ruling on equal rights (1972) and opposition to Equal Rights Amendment.

Year 11 Combined Science Countdown Plan

Exam (all 1hr 15 mins)	Biology Paper 1	Chemistry Paper 1	Physics Paper 1	Biology Paper 2	Chemistry Paper 2	Physics Paper 2
Day	Tuesday	Friday	Thursday	Wednesday	Monday	Thursday
Date	16/05/23	22/05/23	25/05/23	09/06/23	13/06/23	16/06/23
Time	9.00 a.m.	9.00 a.m.	9.00 a.m.	1.00 p.m.	9.00 a.m.	9.00 a.m.

Week	Focus	Topics for the week	Homework/Revision
6/2/23	Physics	In class: Electromagnetic Spectrum After School: Practising Maths skills in Science papers	Chemistry: The periodic table, structure of the atom, energy changes in reactions
13/2/23 to 17/2/23 Half Term Holiday			
20/2/23	Chemistry	In class: Using resources- where resources come from After School: Quality of data: errors, reliability, repeatability, reproducibility	Physics: Motion calculations: Distance = speed x time Force = mass x acceleration Acceleration = change in speed /time
27/2/23	Chemistry	In Class: Using Resources- potable water and waste water After School: Atomic structure Chemistry and Physics overlap	Biology: Organisation <ul style="list-style-type: none"> Digestion and enzymes Circulation
6/3/23	Physics	In class: Magnets and magnetic fields After School: Bonding and structure	Chemistry: Reactions of metals with acids, reactivity series, electrolysis
13/3/23	Physics	In class: Electromagnets and the motor effect After School: Wellbeing activities	Physics: Particle theory of matter, modelling changes of state

20/3/23 Revision Week

27/3/23 Assessment Week

Easter Holidays – 3/4/23 to 14/4/23

Revision Session Timetable to Follow

17/4/23	Biology	In class: Ecology- sampling methods and required practical After School: Energy resources	Biology: Bioenergetics- Photosynthesis and respiration
24/4/22	Biology	In class: Variation review; fossil record; classification After School: Homeostasis	Chemistry: Structure and bonding; electrolysis
1/5/23 (Bank Holiday)	Biology	In class: Evolution After school: Organisation	Chemistry: Rate of reaction and reversible reactions
8/5/23 (Bank Holiday)	Chemistry	In class: Chemistry- periodic table, reactions of acids and bases After school: Electrolysis and obtaining metals	Physics: Electricity- circuits and domestic supply

15/5/22 – 30/6/23 Final Exam Season

Exam revision session timetable to follow

Year 11 Separate Sciences

11.1/Sc Countdown Plan

Exam (all 1hr 45 mins)	Biology Paper 1	Chemistry Paper 1	Physics Paper 1	Biology Paper 2	Chemistry Paper 2	Physics Paper 2
Day	Tuesday	Friday	Thursday	Wednesday	Monday	Thursday
Date	16/05/23	22/05/23	25/05/23	09/06/23	13/06/23	16/06/23
Time	9.00 a.m.	9.00 a.m.	9.00 a.m.	1.00 p.m.	9.00 a.m.	9.00 a.m.

Week	Focus	Topics for the week	Homework/Revision
6/2/23	CR	Evidence for evolution Fossils Extinction Speciation Classification	Seneca Quizzing Evolution.
	SMC	Completion of Chemistry DIRT Bonding and structure	
	After School	Waves	
13/2/23 to 17/2/23 Half Term Holiday			
20/2/23	CR	Cloning Selective Breeding Genetic Engineering	Revision HW for End of unit assessment Inheritance, variation and Ecology.
	SMC	Bonding and Structure Quantitative Chemistry	
	After School	Chemistry- structure and bonding	
27/2/23	CR	Module 7 Ecology Decomposition Environmental change Biodiversity Land uses Waste management	Seneca Quizzing - Ecology & Using resources
	SMC	Quantitative Chemistry Organic Chemistry I	
	After School	Electricity, power, national grid	
6/3/23	CR	Maintaining biodiversity Trophic levels Food production Farming Techniques & Sustainable fishing Biotechnology.	Revision HW for Ecology Assessment
	SMC	Organic Chemistry I + II	
	After School	Electromagnetism & Electromagnetic induction - Motor & generator effect	
13/3/23	CR	Homeostasis Control in plants.	Seneca Quizzing - Homeostasis & Revision for end of unit test.
	SMC	Chemical Changes	
	After School	Wellbeing activities	

20/3/23 Revision Week

27/3/23 Assessment Week

Easter Holidays – 3/4/23 to 14/4/23

Revision Session Timetable to Follow

17/4/23	CR	Particle theory Specific & Latent heat. Specific Heat Required practical	Revision for Particle Theory Assessment
	SMC	Chemical Changes Rate and extent of Chemical change I	
	After School	Atomic Structure - Half lives, Fission & Fusion	
24/4/22	CR	Waves Refraction, Reflection Lenses Absorption & emission & Black body radiation	Revision for Waves assessment.
	SMC	Rate and extent of chemical change I + II equilibria	
	After School	Chemistry- Electrolysis and rates	
1/5/23 (Bank Holiday)	CR	Electricity Electromagnetism and electromagnetic induction Motor and generator effect.	Revision for electromagnetism assessment.
	SMC	Energy changes Chemical analysis	
	After School	Infection & Responses & Monoclonal antibodies	
8/5/23 (Bank Holiday)	CR	Kinematics Newtons laws Speed time graphs Momentum & Collisions.	Revision for kinematics Assessment.
	SMC	Evolution of the Earth atmosphere Using resources	
	After School	Six mark calculations	

15/5/22 – 30/6/23 Final Exam Season

Exam revision session timetable to follow

Year 11 Separate Sciences

11.2/Sc Countdown Plan

Exam (all 1hr 45 mins)	Biology Paper 1	Chemistry Paper 1	Physics Paper 1	Biology Paper 2	Chemistry Paper 2	Physics Paper 2
Day	Tuesday	Friday	Thursday	Wednesday	Monday	Thursday
Date	16/05/23	22/05/23	25/05/23	09/06/23	13/06/23	16/06/23
Time	9.00 a.m.	9.00 a.m.	9.00 a.m.	1.00 p.m.	9.00 a.m.	9.00 a.m.

Week	Focus	Topics for the week	Homework/Revision
6/2/23	HME	Inheritance and variation- genetic crosses	Chemistry: The periodic table, structure of the atom, energy changes in reactions
	CCY	Chemistry of the atmosphere- pollutants and their effects	
	After School	Practising Maths skills in Science papers	
13/2/23 to 17/2/23 Half Term Holiday			
20/2/23	HME	Inheritance and variation- Genetic conditions	Physics: Motion calculations: Distance = speed x time Force = mass x acceleration Acceleration = change in speed /time Chemistry: Chemical analysis and testing for ions
	CCY	Resources- where do we get them from	
	After School	Quality of data: errors, reliability, accuracy, repeatability, reproducibility	
27/2/23	HME	Inheritance and variation- Genetic engineering	Biology: Organisation Physics: Resultant forces
	CCY	Resources- how do we use them?	
	After School	Atomic structure- Chemistry and Physics overlap	
6/3/23	HME	Inheritance and variation- Genetic engineering	Chemistry: Reactions of metals with acids, reactivity series, electrolysis Biology: Cells, microbiology and microscopy
	CCY	Bonding and structure	
	After School	Chemical Reactions	
13/3/23	HME	Particle theory including specific and latent heats and the required practical	Physics: Particle theory of matter, modelling changes of state
	CCY	Bonding and Structure Quantitative Chemistry	
	After School	Wellbeing activities	

20/3/23 Revision Week

27/3/23 Assessment Week

Easter Holidays – 3/4/23 to 14/4/23

Revision Session Timetable to Follow

17/4/23	HME	Forces and motion- Newton's laws, stopping distances, distance and velocity time graphs	Biology: Bioenergetics- Photosynthesis and respiration Physics- energy resources
	CCY	Organic Chemistry	
	After School	Energy resources	
24/4/22	HME	Organisation- heart and circulation	Chemistry: Structure and bonding; electrolysis Biology: Cell transport and cell division
	CCY	Space physics	
	After School	Homeostasis	
1/5/23 (Bank Holiday)	HME	Homeostasis	Chemistry: Rate of reaction and reversible reactions
	CCY	Waves	
	After School	Organisation	
8/5/23 (Bank Holiday)	HME	Bioenergetics	Physics: Electricity- circuits and domestic supply Biology: Infection and Response
	CCY	Chemical reactions- acids and bases, electrolysis	
	After School	Electrolysis and obtaining metals	

15/5/22 – 30/6/23 Final Exam Season

Exam revision session timetable to follow

Week	Tuesday P5	Wednesday P3	Friday P5
6/2/23	<p>Learning Aim A: Know the attributes associated with successful sports leadership</p> <p>Topic A.1/A.2 Sports Leaders and Attributes</p>	<p>Learning Aim A: Know the attributes associated with successful sports leadership</p> <p>Topic A.1/A.2 Sports Leaders and Attributes</p>	<p>Learning Aim A: Know the attributes associated with successful sports leadership</p> <p>Topic A.1/A.2 Sports Leaders and Attributes</p>
