HOW TO ORDER

FOLLOW THESE EASY STEPS

All Maths Shop orders need to be made (and paid for) through **IRIS ParentMail**. We aim to deliver items within 1 week of ordering.

- 1) Login to **ParentMail** through the app, or by scanning in this QR code:
- 2) Once logged in, click on the "**Payments**" option from the menu.
- 3) Then select the "**Shop**" option.
- 4) Find each item you wish to purchase and click "**Add to Basket**". Then click "**Pay Now**" to check out.
- 5) You will then be asked to enter your Payment Method. Follow the steps, then select "**Complete**".

CALCULATORS

At Holly Lodge Girls' College, all students are required to have their own scientific calculator as part of their basic equipment. While any scientific calculator is acceptable, we would recommend the **CASIO fx-83** model for the following reasons:

- ❑ It is the UK's best-selling scientific calculator.
- ❑ It has a large natural textbook display which shows mathematical expressions as they appear in textbooks, exams, etc.
- ❑ It can express answers as fractions, decimals, mixed numbers, and more.
- ❑ It is accepted in all GCSE exams where calculators are allowed.
- ❑ The NEW model (shown on the left) has over 290 features, many more than the other scientific calculators on the market!
- ❑ It is the model that teachers will use during Maths lessons.

REVISION GUIDES & WORKBOOKS

While not essential, many students at Holly Lodge Girls' College choose to purchase revision guides and workbooks to help them with their independent practice at home. We sell books from **CGP** (the most popular revision guide brand in the UK) for around half the price they are sold for on the high street!
