1. Aims

This policy aims to set out our school's provision of impartial and informed careers guidance for our pupils. This includes the ways in which pupils, parents, teachers and employers can access information about our careers programme.

High-quality careers guidance is important for our pupils' futures, and our provision aims to:

- Help pupils prepare for the workplace, by building self-development and career management skills
- Provide experience and a clear understanding of the working world
- Develop pupils' awareness of the variety of education, training and careers opportunities available to them
- Help pupils to understand routes to careers that they're interested in, and to make informed choices about their next step in education or training
- Promote a culture of high aspirations and equality of opportunity

2. Statutory requirements

This policy is based on the statutory [Careers guidance and access for education and training providers](#) from the Department for Education (DfE).

This guidance refers to:

- [The Education Act 1997](#)
- [The Education and Skills Act 2008](#)
- [The School Information \(England\) Regulations 2008](#)

This policy is also in line with the [Skills and Post-16 Education Act 2022](#) (the 'provider access legislation'). It explains that our school must provide a minimum of **6 encounters** with technical education and apprenticeship providers to all pupils in years 8 to 13 about their education or training offer. For more detail on these encounters, see our provider access policy statement, which you can find on our website .

This policy is also in line with the [Education \(Careers Guidance in Schools\) Act 2022](#), which amends the existing duty in The Education Act 1997, so that:

- Our school must now secure independent careers guidance for pupils from year 7 (instead of from year 8, previously)

The above guidance requires that we publish information about the careers programme on our website, and that it is communicated in a way that enables learners, parents and carers, staff, and employers to access and understand it. This includes:

- The name and contact details of the careers leader
- A summary of the careers programme
- Details of how pupils, parents and carers, teachers, and employers can access information about the careers programme
- How our school measures and assesses the programme's impact on learners
- The date by which we will review information

We also act in line with our statutory duty under the provider access legislation (also known as the 'Baker Clause'), to be impartial and not show bias towards any route, be that academic or technical. This policy should be read in conjunction with our provider access policy statement, which sets out how our school meets this duty, and can be found on our website .

3. Roles and responsibilities

4. Our careers programme

Our school has an embedded careers programme that aims to inform and encourage pupils to consider their career options, and take steps to understand their choices and pathways. We provide statutory independent careers guidance to pupils from year 7 onwards.

Our programme has been developed to meet the expectations outlined in the **Gatsby Benchmarks**:

1. A stable careers programme with a careers leader
2. Learning from career and labour market information
3. Addressing the needs of each pupil
4. Linking curriculum learning to careers
5. Encounters with employers and employees
6. Experience of workplaces
7. Encounters with further and higher education
8. Personal guidance

Our programme doesn't show bias towards any particular career path, and promotes a full range of technical and academic options for pupils.

It is structured in a way that builds upon previous years, and the overarching aim is divided between the Key Stages so that pupils are encouraged to think appropriately about their future. We provide aims, objectives and activities for each year group.

Our careers programme is delivered through a number of methods, including:

- Personal Development lessons, with career themes
- Assemblies
- Annual careers fair
- Guest speaker programme
- Independent careers interviews

4.1 How we meet our requirements

All subjects link curriculum learning with careers. Additionally, our PSHE curriculum includes information on careers and employability.

Every pupil will receive at least 1 personal guidance meeting with a careers adviser by age 16.

Every pupil will receive a further meeting by age 18.

Information about personal guidance support, and how to access it, will be communicated to pupils, parents and carers, and other stakeholders, including through the school website.

4.1 Pupils with special educational needs or disabilities (SEND)

We expect that the majority of pupils with SEND will follow the same careers programme that meets the Gatsby Benchmarks as their classmates, with adjustments and additional support as needed.

Our careers leader will work with teachers and, where appropriate, professionals from relevant organisations, to identify the needs of our pupils with SEND and put in place personalised support and transition plans. This may include meetings with pupils and their families to discuss education, training and employment opportunities, supported internships and transition plans into higher education.

Our careers leader may, as appropriate, invite adults with disabilities to visit and share their experience and advice.

No information will be given to pupils without SEND that is not also offered to our pupils with SEND.

4.2 Access to our careers programme information

A summary of our school's careers programme is published on our school website, including details of how pupils, parents, teachers and employers can access information about the careers programme.

Pupils, parents, teachers and employers can request any additional information about the careers programme by contacting Mrs E Connor , e.connor@hollylodge.liverpool.sch.uk

4.3 Assessing the impact on pupils

Our career programme is designed so pupils can give feedback, and their progress measured as they move through the Key Stages. We measure and assess the impact of the programme's initiatives by:

- Feedback from pupils, parents and teachers following appropriate events
- Pupil/parent/teacher survey activities
